

RESOURCES FOR RADIO PROGRAMMERS

If you require a physical copy of the CD, please get in touch and let us know where to send it.

We can offer the following resources to radio programmers.

1. Single CD music tracks in a variety of different genres to suit most tastes, including: ambient, mainstream ballad, electronic, melodic pop, alternative, indie, garage, reggae, blues, soul, r&b and hard rock. Tracks can be provided with or without audio tags.
2. Full album stream with audio tags announcing each track (70:07). This can be topped and tailed by a presenter if required, or trimmed to length.
3. Custom-produced feature-length programme presenting some or all of the tracks.
4. Speech radio: US – Public Service Announcement ; UK/Canada/Australia/New Zealand – BBC-style short feature package (please tell us what duration you need).
5. Interviews with individual participants by arrangement

Let us know what you need and we will do our utmost to provide it for you.

All music rights have been cleared with the individual artists.

For more information, contact Woodstock Taylor or Don Spradlin
